

KHAWAR KHAN

Senior Software Quality Assurance Engineer

📍 WahCantt, Pakistan

✉ khawarkhan159@gmail.com | ☎ +92 306 5600073 | +92 324 4470447

PROFESSIONAL SUMMARY

Results-driven **Senior Software Quality Assurance Engineer** with **5+ years of experience** in software testing, quality assurance, and test automation. Expertise in **manual and automated testing, API testing, and performance testing** across web and mobile applications. Proven ability to design and execute test strategies that improve software quality and enhance user experience. Passionate about optimizing processes, mentoring junior testers, and collaborating in Agile environments to deliver high-quality software solutions.

CORE COMPETENCIES

- ✓ **Test Strategy & Execution** – Manual, Automation, API & Performance Testing
 - ✓ **Automation Frameworks** – Cypress, JMeter
 - ✓ **Programming & Scripting** – JavaScript, Java
 - ✓ **Test Management & Bug Tracking** – JIRA, TFS, Postman
 - ✓ **Agile & DevOps** – SDLC, STLC, CI/CD, Agile Testing
 - ✓ **Industry Expertise** – VOIP, Billing Systems, Healthcare (EHR), Mindfulness Apps
-

PROFESSIONAL EXPERIENCE

DPL (Nov 2022 – Present | Islamabad, Pakistan)

Senior SQA Engineer

- Spearheaded **manual, automation, API, and performance testing** for diverse web and mobile applications.
- Designed and implemented **test automation frameworks**, reducing testing efforts by 40%.
- Led **cross-functional collaboration** to optimize software quality and release cycles.

- **Key Projects:** Pause Breathe Reflect Mobile App | Miracle Morning Mobile App | Tbadlab Web App | Uptrade Mobile App | SimpliHuman Mobile App | nGage Web Application | DPL Website

NOW Software (Nov 2021 – Nov 2022 | Islamabad, Pakistan)

SQA Engineer

- **Key Projects:** Transfer Home | Now Mobile | TalkHome | Somme
- Conducted comprehensive **testing for VOIP calling applications** and web-based platforms.
- Performed **functional, API, and security testing** for telecommunication systems.
- Improved **bug tracking efficiency** by implementing structured test execution strategies.

SQA Engineer

- Conducted comprehensive **testing for VOIP calling applications** and web-based platforms.
- Performed **functional, API, and security testing** for telecommunication systems.
- Improved **bug tracking efficiency** by implementing structured test execution strategies.

MTBC CareCloud (July 2019 – Nov 2021 | Rawalpindi, Pakistan)

SQA Engineer

- Led **manual and automation testing** for **EHR software upgrades** (Angular 6 to 9, .NET to .NET Core).
 - Developed and executed **test cases** aligned with Software Requirement Specifications (SRS).
 - Conducted **load and security testing** to ensure compliance with **healthcare industry standards**.
 - **Key Project: TalkEHR Web Application** – Performed end-to-end testing for an advanced electronic health record system, ensuring compliance with healthcare regulations and enhancing platform stability.
-

EDUCATION & CERTIFICATIONS

 **BS in Software Engineering** (2013-2017)

International Islamic University Islamabad

ADDITIONAL HIGHLIGHTS

- Proven ability to work in **Agile & DevOps environments**, ensuring faster delivery cycles.
 - Experience in **mentoring junior testers** and improving QA best practices.
 - Passionate about **continuous learning, innovation, and test automation advancements**.
